Welcome to

the English School of Canada

The English School of Canada was established by teachers. We bring together the best teaching methods and techniques with a school atmosphere that ensures students interact in English with teachers and classmates alike.

We have now welcomed more than 30,000 students from over 45 different countries to the school – a testament to the success and popularity of our programs. Students know that at ESC, our courses are interactive and engaging, books and materials are challenging, and teachers are full of energy.

At ESC, you will experience a positive atmosphere and a fresh, dynamic environment. People, information, and ideas come together, creating a truly global atmosphere in our classrooms. At the end of your program, you will have friends from around the world, a better understanding of global culture, and the ability to communicate and think in a new language.

We look forward to welcoming you to the English School of Canada. We will help you open doors and find new opportunities. Get ready for an unforgettable experience that will change your life forever!

Toronto, Canada

Toronto is Canada's **largest city** and number one tourist destination. Located on the shores of Lake Ontario, Toronto is one of the southernmost cities in Canada – it is on the same longitude as northern California.

The English School of Canada is located in the **city center**, which is very convenient for our students. We are located just two minutes from the subway station, so you have easy access to all parts of the city. We are close to libraries, movie theatres, parks, and shopping districts.

Our city has earned an international reputation as a safe, clean and exciting place to live and visit. Students can choose from many things to do on weekends and after school. Festivals, professional sports, ethnic restaurants, a thriving music scene, world-class museums and galleries, and Broadway-style theatre will keep you busy when you are here.

You will also learn that Toronto is one of the most **multi-cultural** cities in the world. Our students enjoy exploring different cultures and customs when they come to Toronto. Visits to Little Italy, Chinatown, Little India, and Greek town will give you a taste of our cosmopolitan flavor, and Latin American clubs will sharpen your dancing skills.

School Facilities

- 2 minutes from the subway
- Modern, air-conditioned classrooms
- 2 Student lounges and internet café
- Satellite TV
- Large Outdoor patio
- Free Student Wireless
- iPad Lounge

ESC Approach

At ESC, we focus on fluency and communication, so that you become a confident speaker of English. All classes are interactive, with group and pair work, presentations, communicative activities, and English through authentic materials like newspaper articles, music, literature, and textbooks. Teachers are professional and energetic, and classes are lively and stimulating.

English Only Policy

At ESC, we want you to succeed. We believe the fastest way to learn English is to speak and listen to English as much as possible. You can make friends more quickly at the school if you are speaking in English. For these reasons, we have an ENGLISH ONLY contract at the school.

Your First Day

When you arrive at ESC, you will start your first day with a school orientation. This is followed by a placement test and oral interview to check the level of your spoken and written English. You will meet with the Registrar to discuss your academic goals, and create your personal class schedule.

Electives

Introduction to Writing 4-5

In this class, students learn the fundamentals of writing. By familiarizing students with parts of speech, sentence structure and context, this class provides students with a solid foundation in understanding how writing is different from and more demanding than other forms of fluency, and it prepares them for success in intermediate and even advanced writing classes.

Intermediate Functional Writing 6-7

This class allows students to successfully produce practical and functional pieces of writing related to many everyday situations. On finishing the course, students are able to use the appropriate register, vocabulary and grammar in coherent paragraphs, and formal and informal letters and emails. Students are shown how to work independently when brainstorming, outlining and writing, and they are taught how to identify and correct the errors in their own writing in a self-reliant manner.

Pronunciation 5-7

This class is designed for students who wish to sound just like English speakers. By focusing on minimal pairs and reduced forms, students learn to identify English sounds and produce them. The course also focuses on word stress as well as sentence stress. This course allows any learner to enter a conversation speaking with clarity and confidence in his or her ability to comprehend.

Business Communication 7-9

This class assists students planning to work for at an international company. It guides students through the job hunting process by giving them the language skills to understand job advertisements, create a professional online presence, write an outstanding resume, and perform excellently in a job interview. Students are also taught language and communication strategies to survive in a variety of everyday business situations.

Basic Academic Skills of English 3-5

This demanding class provides students with the basic skills they need to succeed in college or university. Firstly, students learn about spelling patterns and commonly misspelled words. The course then moves on to cover basic reading, listening and writing skills. Throughout the course, students are taught excellent study habits and the ability to think critically, both of which are necessary to succeed in any higher education program.

General English Programs

General English Programs are for all students, from beginner to high advanced levels, and this is the best way to start studying in Canada.

- Improve your core English language skills
- Become more accurate in your speaking and writing
- Learn the fundamentals of English grammar
- Gain fluency and confidence
- Choose classes that interest you
- Choose classes based on the skills you need to improve

Monthly Testing and Report Cards

At the end of each month, you will complete a level test to measure your improvement and receive a report card that evaluates your skills. Then you may advance to the next level of study at school. Most students finish one level every two months.

Intensive English	30 hours/week	4 classes/day

English for Specific Purposes (ESP)

ESP programs are designed to improve students' English language skills in specific areas of study. These programs are designed for students with a good foundation in English, but require a more specific language focus.

Focus on Speaking

Focus on Speaking is for students who want to improve their speaking skills. In this program, you will improve linguistic and strategic conversation skills, and learn how to communicate with fluency and confidence. The program includes:

- Pronunciation
- Accent reduction
- Conversation strategies
- North American communication styles
- Social customs

Focus on Writing

The Focus on Writing Program is an intensive 12-week program and will consist of 3 classes daily. The first class focuses on understanding and effectively using vocabulary (including collocations, idioms, register, discourse and formality). The second class will concentrate on the structure, mechanics, style and tone of sentences. Finally, the third class will illuminate how to write various academic, business, professional and functional compositions.

ESL for Health Care

This is an ESL program with a special focus on health related language skills and vocabulary. This program helps students develop the English skills necessary for studying or working in an English speaking health care environment. Students will benefit from learning the general English language and communication skills necessary for health related environments. This program also covers speaking, listening and reading on a wide range of topic- from technical skills to ethical concerns, from communication strategies to discussing issues with colleagues.

Exam Prep Programs

ESC gives you expert preparation for the iBT TOEFL and IELTS English Exams. You will learn test taking tips and strategies to help you succeed on the exams, plus complete weekly practice tests to measure your improvement.

iBT TOEFL Exam Preparation Program:

The iBT TOEFL Exam measures how students use and understand English in college and university situations. This program is fast-paced and demanding and covers the four integrated skills that are measured on the exam: speaking, listening, reading and writing. The focus of the new iBT TOEFL is effective communication – and this program will also give you the opportunity to improve and perfect your communication abilities.

IELTS Exam Preparation Program:

The IELTS Preparation Course is designed to prepare students seeking to take the Academic IELTS Test and enter into higher education. The course will familiarize students with the style and content of the four modules of the IELTS test (Academic Reading, Academic Writing, Speaking and Listening) and prepare students for life in university through the study of formal writing style, academic vocabulary building and the formation of clear opinions during class debate.

12 weeks - 22.5 hours per week

The English School of Canada's English for Academic Purposes (UCTP) is designed for students planning to attend university or college in Canada or wanting to learn English at a higher academic level. This is an advanced level program (ESC levels 8-10) that focuses on providing students with the skills necessary to succeed in post secondary institutions.

The UCTP program has been specifically designed to include the following skills and topics:

- Academic presentation skills
- Academic writing skills
- Research and Citation skills
- Test taking Preparation
- Seminar participation skills
- Group Discussion skills
- University / College level writing skills

UCTP Prep

UCTP Prep is designed specifically for intermediate-level students wishing to go on to the UCTP program. This course focuses on teaching students (level 7) the foundational skills necessary to succeed at the UCTP level. The course focuses on building essential skills necessary for the academic classroom. UCTP Prep students will get a headstart on developing their proficiency in writing skills (paraphrasing, summarizing, essay structure, grammar), presentation skills, discussion skills and listening skills for academic purposes.

Hello and welcome to the English for Academic Purposes Program at the English School of Canada,

The English for Academic Purposes - UCTP is a unique program designed to improve students' academic English skills and prepare them for University and College instruction in the U.S. and Canada. Since the launch of UCTP in 2006 we have been devoted to promoting high standard academics by assisting students in developing the personal and professional skills needed to achieve excellence.

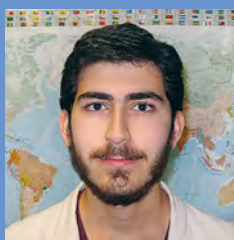

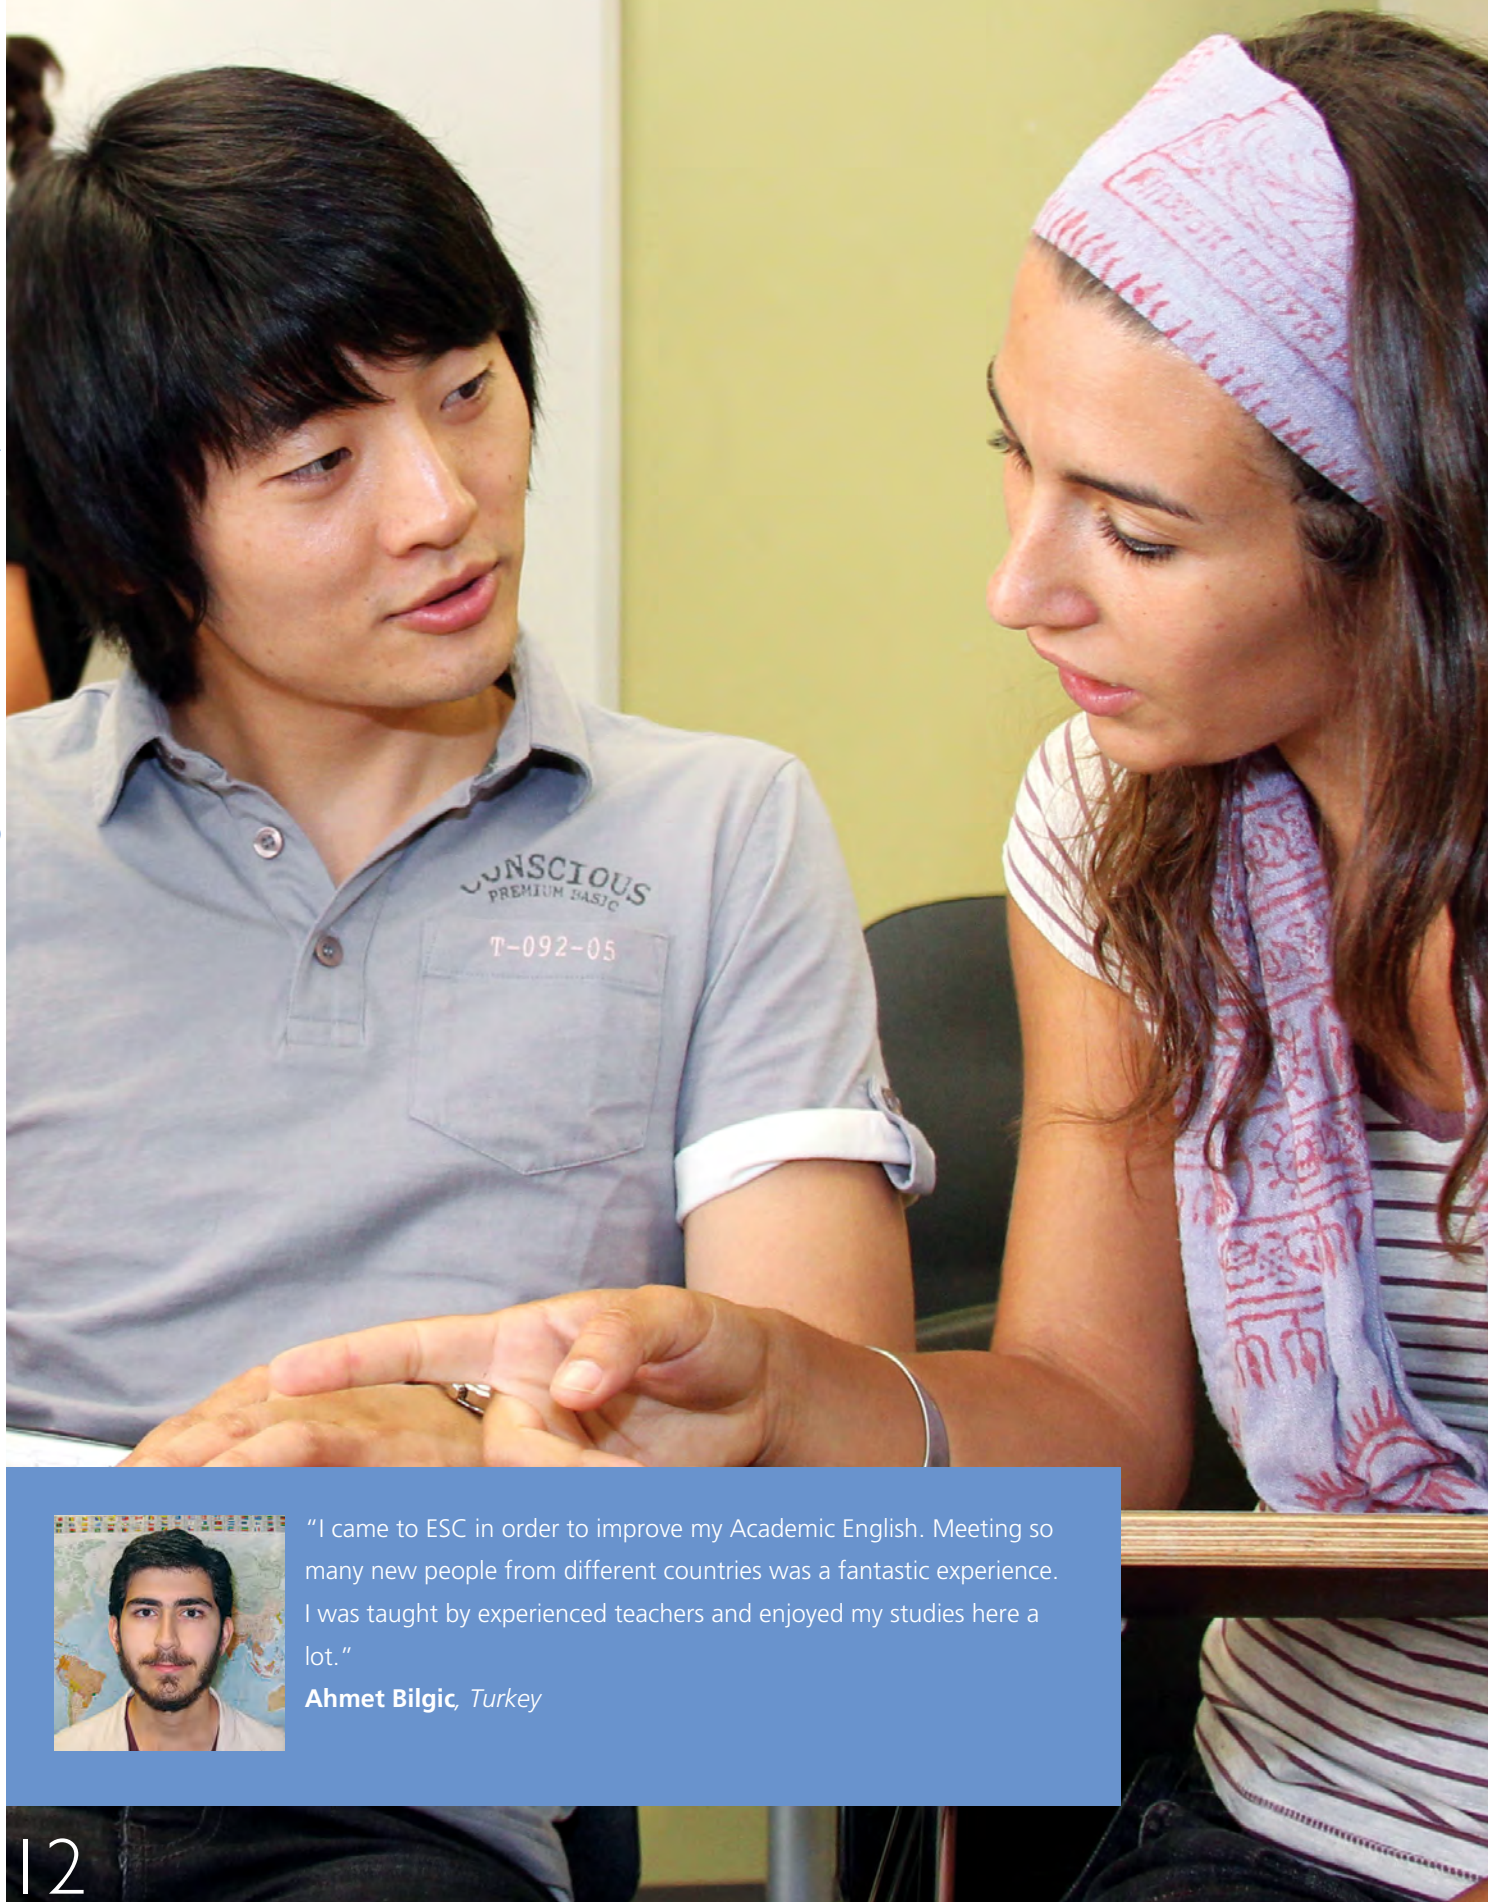

Knowing how to adapt to a new cultural setting can be a real challenge for anyone. For students hoping to study and perhaps work abroad it means learning how to integrate into a new society. In the UCTP program we recognize this challenge and understand that students need to experience the situations and learn the skills that will help them achieve their objectives outside of the classroom. For this reason we

have developed a strong curriculum that reflects the needs of students from a variety of fields and disciplines.

Along with a great curriculum there are great instructors. UCTP instructors genuinely care about the success of their students and are always working to develop new strategies that encourage students to produce and perform at their best. They are committed to helping students integrate into the academic culture of Canadian post secondary institutions. As a testament to this we have now seen hundreds of graduates from colleges and universities all over Canada who have successfully completed their post secondary studies and who are either working in their fields or are continuing into higher education.

Finally, to future students considering post secondary studies in the U.S. and Canada the UCTP program is committed to helping you achieve your goals. We hope to see you soon,

Gabriela Riveiro
UCTP Program Coordinator

"I came to ESC in order to improve my Academic English. Meeting so many new people from different countries was a fantastic experience. I was taught by experienced teachers and enjoyed my studies here a lot."

Hyung Shin Cho

I am from Korea. UCTP has become the stepping stone for students who would like to study at the post secondary institutions in Canada. I strongly recommend this program to other students.

Eri Takamatsu

In UCTP, we can improve our academic writing, listening and presentation skills through group work and individual assignments. This course was challenging and extremely helpful. It prepared me for college and gave me a chance to experience what college life is like.

Karla Leiros

After I finished the UCTP at the English School of Canada, I decided to go to Humber College to keep learning and improving my English skills. The skills I have learned from UCTP has helped me tremendously in my program.

Reinaldo Gonzalez

I am from Venezuela. After I finished the UCTP at the English School of Canada, I went to Centennial college and majored in Mechanical Engineering Technology program. Shortly after graduation, I found a job in my field.

"I had such a great time at ESC because it helped me to improve my English and to make new friends. I also enjoyed the many activities they offered. I want to study at ESC again!"

Accommodations & Airport Pick Up

Homestay Program

Many students at the English School of Canada participate in our Homestay Program. Homestay gives you the chance to live with a Canadian family during your stay in Toronto, so you enjoy the opportunity to practice your English language skills at home. Students also share in family activities and learn more about Canadian culture and social customs. Our homestay families are carefully selected to provide our students with a **safe, comfortable, and friendly** environment. Your family will be conveniently located within 30 minutes of the school. At your homestay, you will have a private single room with a bed, desk, dresser, fresh linen and towels each week. You will also eat together with the family – you choose 2 meals or 3 meals per day. Homestay is recommended for students during their first one to three months in Canada.

University Residence

Accommodation (May to September Only)

Living in a university residence is another option for students. Students live at the University of Toronto, the **largest university** in Canada situated in the center of downtown. Residence life gives students the opportunity to live together with university students – enjoying more independence plus the chance to make new friends.

Airport Pick-up Service

When you arrive in Toronto, it's nice to be met by a friendly face at the airport. You can choose our Airport Pick-up Service and we will meet you at the airport and bring you safely to your accommodations in Toronto. Look for the ESC staff member holding a sign with your name on it at the airport, then come and **say Hello!**

Activities

At the English School of Canada, we provide our students with a great selection of after-school workshops, clubs, trips, and tours. You will have fun, meet friends and try new things by participating in these events. Each month has a new calendar of activities that you can check out – they are all optional, so you can sign up for the ones that interest you the most.

Student Services Team

The Student Services Team is responsible for making your stay at the English School of Canada a comfortable and enjoyable experience. From after-school workshops to school picnics, our staff plan events to make sure that you keep learning and have fun even after your classes. If you need to open a bank account, plan a trip, find an apartment, or just talk, a member of our staff is always there for you.

After-school clubs and workshops

Try a yoga class, a shiatsu massage workshop, or the photography club. Or, join the volunteer club to do community service in Toronto.

Sports

Play volleyball on the beach, join the soccer team, go canoeing in Lake Ontario, or rollerblade through High Park. In winter, join us for skiing and snowboarding in Collingwood. Don't worry if you don't know how – we'll teach you!

Activities

Visit a museum, go to a club on College Street, or have a picnic with us at Centre Island. If professional sports are your style, then come with us to an NBA, NHL, or major league baseball game and cheer for the local team!
