Hey! I'm Hafize and I'm from Turkey. I came to Malta to learn English and I'm still here. Malta... Ah, this country really changed my life!

When I first came here, I couldn't speak English, even to say "I don't know." Now, I'm speaking English enough to work as a salesperson. I'm working and living here and having the best time of my life with my boyfriend in Malta.

Never think about something and believe you can't do it. Take a deep breath, trust yourself and JUST DO IT!

Hafize, Turkish, now lives in Malta and works in English.

I chose IELTS Gozo because I was looking for a quiet destination. I enjoyed this school with small classes. It was easy to get to know everyone.

I like its family atmosphere and the staff and teachers were professional and helpful. For our free time, the school organises many different and interesting activities.

The accommodation in the Migiarro Residence was comfortable and clean. To conclude, I enjoyed studying English at IELTS Gozo and I will come back.

I would like to thank especially Catherine and Sanja for all their help during my 5-week course.

Murat, Parisian, enjoyed the peace & quiet of Gozo.

Since I work as a journalist, studying English helps me to better understand subjects such as world politics and the global economy.

I really enjoyed these four weeks at IELTS. Gozo is a fabulous island. It has a laid-back atmosphere and beautiful beaches all around. The school offers great activities outside class such as hiking and kayaking.

IELS Gozo has excellent teachers and the size of the classes is a real advantage. They were small groups with only adult students. Besides this, I was the only Portuguese speaker there.

I stayed at the student residence which is in the same building as the school. It also has a penthouse with wonderful views of the village. One evening, students had an international dinner on the terrace – I brought sushi! It was a really pleasant experience.

Pierre, Brazilian, Happy student who loved the Gozo vibe.

IELS is the best school in the world.

Everybody should come!

Filipe, Brazilian, student summing it up in a few words!

I've come to IELTS Malta for three summers and it was one of the best experiences of my life.

I studied with very competent teachers, making me improve my English daily and now I have reached C1 level.

I also met fantastic leaders who, in every single activity, managed to involve students to have fun. I really hope to come back to IELTS as a leader in the coming years!

I decided to do an English course to improve my English and prepare for a test for my job. In 2 months, I went from pre-intermediate to intermediate, studying Intensive English.

All the teachers were so nice and professional, I loved the different school activities, meeting a lot of new people, discovering places, having fun and practising English.

Nowadays I can understand books and movies and can speak better than ever before. I loved staying in Malta and studying at IELTS, it was the best experience of my life! The only negative point was having to leave, but I plan to come back to Malta again!

Because I am 18, I stayed at the Day's Inn Hotel which is very nice because it is in the city centre and close to the school.

The stay was never boring due to the fact that I had a roommate, the school and the afternoon/evening activities were very entertaining. I had so much fun, even though I am 18 and hard to entertain :)

The guys at school, my classmates and friends were so nice and there was a friendly environment all over this place. The teachers are also much better than our teachers in Germany because we learned a lot and it was still fun.

All in all a perfect combo!

Hi, my name is Mathis from France, and I'm 18. I came here 6 months to learn English for me, for my future, to travel more, to be prepared for my future job.

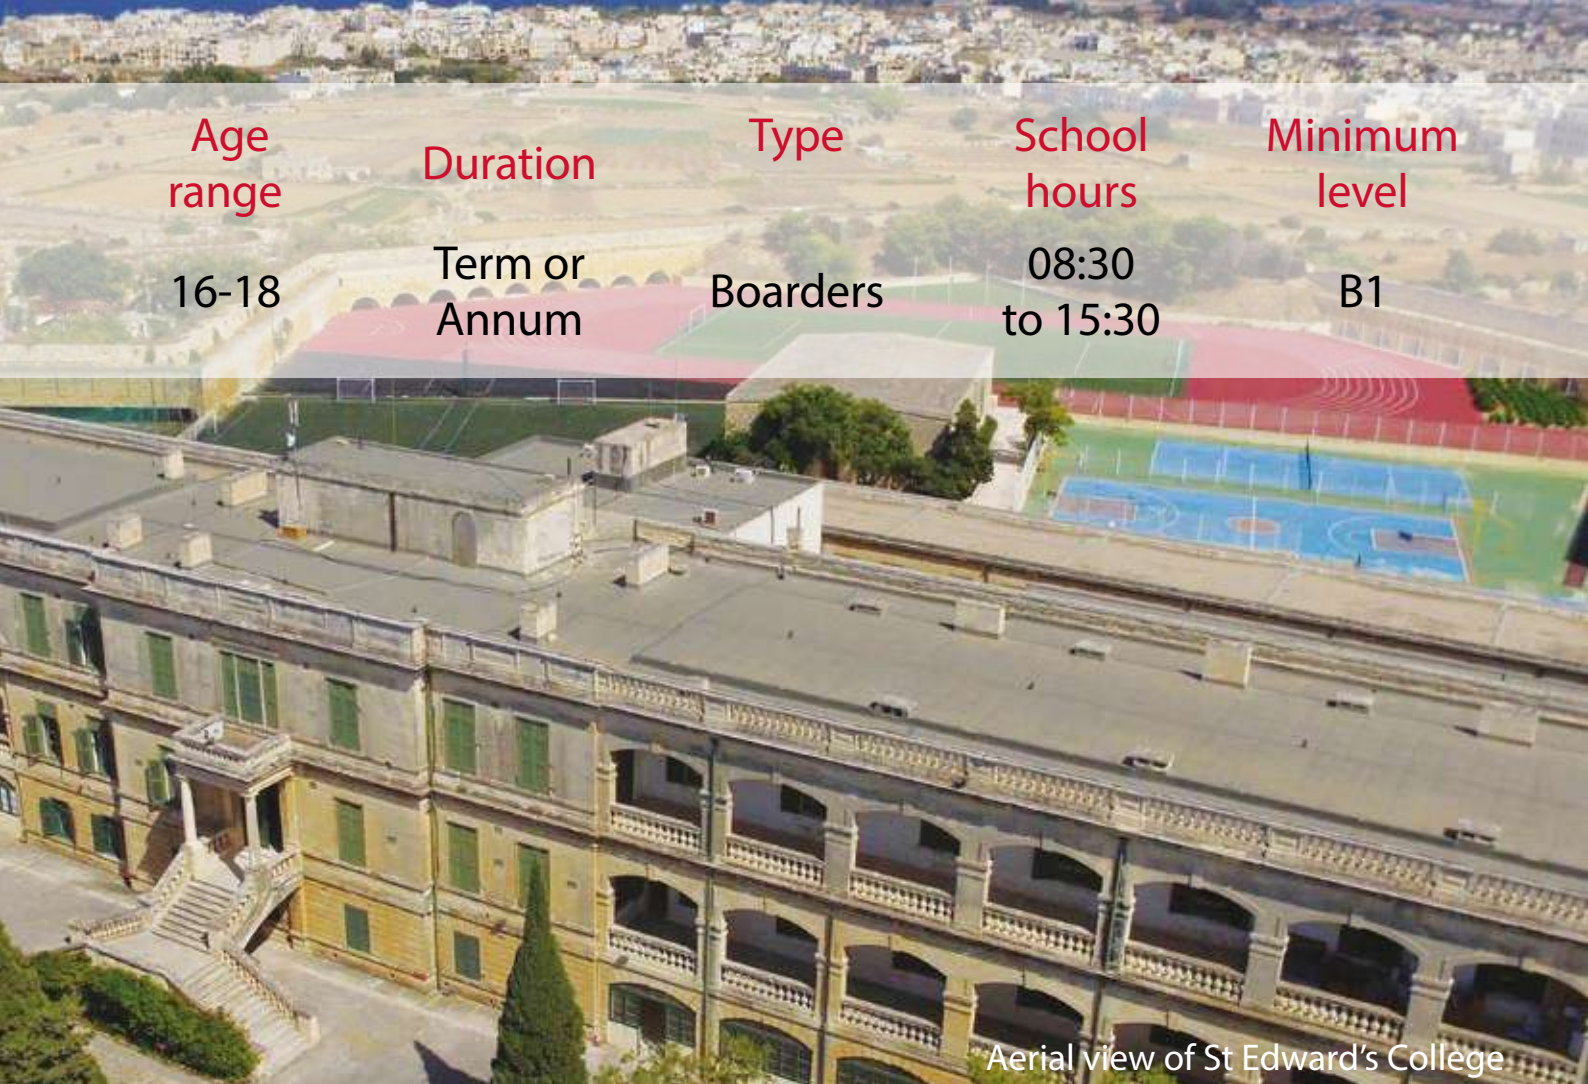

I took some General English classes, combined with some Private Tuition to help me understand particular grammar points and gain confidence at the beginning of my stay.

I have nothing to say about the school, I think everything is perfect: the teachers, the organised outings, and all the staff is nice.

Thanks IELTS!

Mathis, French, building a future & having a great time.

I wanted to study English to be fearless to travel on my own, communicate with people from other countries, read English texts with ease, and be able to one day do a specialised course abroad in my area of work. I chose Malta for its location in Europe, the incredible places, the breathtaking landscapes, the cuisine and the many things to do.

Today I see that this experience could not have been in any other country. At school, the staff was very friendly and offered many activities. I made lots of friendships and met people from all over the world. It was my first trip alone and my experience in Malta was the best it could have been. I discovered wonderful places, my English improved a lot, and I matured and I learned a lot. It opened me to a world of job opportunities that I did not think I had.

Malta was the completion of a dream, an experience that I will cherish for the rest of my life and, without doubt, I recommend it to everyone!

I cannot wait to go back!

Isabella, Brazilian, student who made her dream come true.

It was a really great experience to spend my holiday here in Gozo. My goal was to improve my English for myself, for travelling, and also I wanted to relax and spend this time with other adult students. So, it was a great combination to lie by the outdoor pool at the Grand Hotel and enjoy the amazing sea-view there after the excellent lessons with our wonderful teacher Barbara.

Every evening, I met up with the other students in the village Band Club, just a short walk from the hotel, and we only talked English together so I learned to speak more fluently too.

I can really recommend this kind of holiday and experience in Gozo!

I wanted to study English because I work for an internet company in Germany and need it for communication with my colleagues and also I have a lot of friends from abroad.

These 3 weeks studying English at IELS have been a wonderful adventure for me. Every day I could enjoy not only the breathtaking views and nature of Gozo but also the best teachers and school staff in the world!

My lessons were well structured and I was always able to speak to school staff about my wishes or any questions I had. And I really liked our group. All the students were motivated and interesting to speak with because they were from different countries and had lots of experiences to share. Special thanks for the activities that were planned for us. I tried a lot of new things in Gozo (Segway! Horse riding!) and every trip was perfectly organised.

Claudia, German, refreshed by her IELS Gozo experience.

I am very, very, very, very happy!

At first, I was worried I wouldn't understand what the others were talking about, I kept asking my mom if I could use the translator in case I had difficulty understanding the others in class. She said that most probably not and I was afraid I wouldn't understand a thing and burst into tears.

Now, I feel that I haven't learnt enough, I want to have more lessons, because I understand that there's a lot more for me to learn & it's fun.

It is very sad to leave and say goodbye to teachers and new friends. IELTS is forever in my heart!

My name is Bastien, I'm 21 years old and I'm French. I had the chance to work 3 months at IELS during the summer of 2018 as a residence supervisor, and I will never forget this experience.

It was very rewarding and allowed me to meet people from all over the world.

I helped and supervised the students, and made sure they felt good during their stay. To me it has been a life-changing job and gave me a new outlook on the world!
