Your goals

Present level

C2 - Proficiency Having acquired a perfect command of the grammar and vocabulary, you can communicate almost as effectively as a native speaker.

C1 - Advanced You are a confident communicator, but at times there is a lack of vocabulary in specific areas. You can express your opinion with great fluency & accuracy.

B2 - Upper Intermediate You have a good level of competence and you are able to deal with the nuances of the language. You are able to discuss everyday topics and follow conversations.

B1 - Intermediate You have a good comprehension of most non-specialised texts and a very good understanding of grammatical constructions.

A2 - Pre-Intermediate You are able to spontaneously deal with all kinds of situations, write letters, and read simple newspaper articles.

A1 - Elementary You are able to talk about everyday activities and use basic grammatical constructions. You understand simple messages, instructions and directions.

A0 - Beginner You have had little exposure to the target language either in your education or at work.

Prior to your first lesson you will take a language assessment test covering grammar as well as vocabulary. This will ensure that you are assigned to a class with students of the same level. The grid outlines the length of time it could take you to reach your goal. This table is based on an intensive course of 30 lessons per week.

The time needed to achieve your aims will also vary according to individual skills, age and prior language exposure, amongst other factors. Although it is normal to spend 12 weeks at a level, it is sometimes possible to advance to the next level after 8 weeks of study. Policies regarding this vary from school to school.

Sprachcafe Languages PLUS

Learning with all your senses!
Many people who would like to learn a language believe – because of their experiences at school – that learning and having fun are mutually exclusive. Some believe in a sense that you have to suffer, otherwise you will not get the results that you would like to achieve. They are reminded of what learning grammar and vocabulary was like in the past. Even those experiences reinforce that learning a language inevitably involves a degree of pain and effort. Have your own experiences of learning made a fool of yourself?

At Sprachcafe Languages PLUS you will experience a different way of learning. You will have fun and achieve success without losing sight of your serious goals. You will study in a relaxed way, one which is to learning and communicating without fear of making mistakes, literally like having a discussion in a "caffè linguistico". And this is where the name of the Sprachcafe institute, which is a play on words, comes in. "Sprach" implies language and communication and "caffè" refers to the atmosphere we aim to create in the classroom.

Sprachcafe Languages PLUS only teaches a language in a country in which it is spoken. That makes the country, city, and its people an important part of the concept. Learning with all the senses makes all the difference!

As a result of all my visits to Sprachcafe Languages PLUS schools, I have come to the conclusion that all the above mentioned features and qualities are in evidence.

Prof. Dr. Jürgen Beneke

Professor Jürgen Beneke, PhD, teaches Applied Linguistics at the University of Hildesheim (Germany). His research interests are many European companies and the Federal Government in Germany.
