Studying English Abroad During COVID-19

At EC English, you, our students, come first. We do not react, and we do not settle for the "easy fix". We research. We reflect. We make decisions based on the best learning outcomes. We are continuously monitoring the coronavirus (COVID-19) situation in all of our schools. We will continue to comply with the national advice for each location and do everything possible to secure the safety of our students and staff.

Adapt. Stay Positive. Develop.

All teachers have been trained to deliver fun and effective learning, despite the constraints of social distancing. They do this while continuing to protect the safety of our students and team members. This is our top priority.

In the event that quarantine is necessary or a city goes into lockdown our students can continue learning via EC Virtual, using the same course content to help you learn, develop, and progress the same way as if you are in face-to-face lessons. As always, your success is our ultimate goal and we will continue to do whatever we can to ensure you succeed.

Safety While Learning

- ✓ Signs are posted prominently throughout the school to remind us of the importance of social distancing and hygiene
- ✓ Face coverings, face masks and face shields are all part of the new normal for you, your classmates and staff in all EC schools
- ✓ Hand sanitisers are stationed throughout all schools
- ✓ Furniture is arranged to allow safe social distancing
- ✓ Floor markings give clear guidance on social distancing
- ✓ Regular, vigorous cleaning practices will ensure our schools are as safe as possible for you

EC will follow local protocols for any staff or students who may show symptoms of or test positive for COVID-19

The EC Promise

How we help you achieve your goals

New for 2022

Tracking and monitoring our students' progress, whether learning in school or online, is a big part of what we do.

We've analysed the data, looking at the acquisition of all our students over time, to develop a new, updated progress chart that truly reflects the progress our students make.

What you can expect

- Progression of 8 weeks per EC level
- Progress Assessment every 4 weeks or on teacher recommendation if you are progressing more quickly
- The curriculum is organised in 4 week modules with regular assessment and feedback to promote progress.
- Placement and Exit tests recording speaking scores to better determine your overall level

Whatever it takes!

How we Teach:

The Communicative Approach

with a Twist

The Communicative Approach describes a variety of methodologies which focus on developing students' communication skills. Most language schools use this approach.

At EC we have taken this one step further, we have added a Twist. We put our students at the centre of THEIR learning. Our learning process is visible, it engages students in their learning with clear goals and success criteria combined with classroom discussions about learning, as well as language. Our students learn English and learn how to learn – a benefit for life not just the classroom.

THE COMMUNICATIVE APPROACH TRADITIONAL METHOD

HOMEWORK

OUTSIDE CLASS

Intended Learning Outcomes for each level based on CEFR.

Can give or seek personal views and opinions in discussing topics of interest. Can express belief, opinions, agreement or disagreement, politely.

Real-life learning objectives are set for each lesson. *Can discuss the influence of government policy on climate change decisions.*

The main topic is chosen based on student interest.

The steps to achieve success are **discussed** with the students and we show them what they are going to be learning and how it will help them discuss the topic.

- *Can talk about the consequences of decisions using the second conditional.*
- *Can use a range of phrases to agree and disagree politely.*
- *Can listen to a point of view and counter this, politely.*
- *Can use intonation to convey agreement and disagreement.*

- Discussion questions are given to see what students already know.
- A reading is given to introduce new vocabulary and grammar.
- Exercises are completed to practice the language.

- At each stage there is a brief **discussion** about how this stage will help them achieve their goal.
- Success Criteria are **discussed** with students. They identify what they want to focus on and what they want to achieve and do the speaking task with a partner.
- They give each other feedback based on the areas they chose to focus on.

Repeat speaking task based on that feedback and get feedback from the teacher.

Then they reflect on what they have learnt and what they still need to work on and how they will use it that night.

Students get another discussion topic to discuss and record.

Students go out for dinner together and share their opinions on the restaurant and meal using the language and skills from their lesson.

Global Consistency with Local Delivery

With EC's excellent standards of learning, you can be sure that wherever you choose to study, you will receive the same lessons as your fellow EC classmates around the world.

A Typical Lesson

STEP 1

SETTING CLEAR OBJECTIVES

Class begins with your teacher discussing the objective for the lesson with the class. You are encouraged to think about how each thing you learn today will help you in your life outside the class. The objective for today is to be better able to order food in a restaurant.

STEP 2

LANGUAGE DEVELOPMENT

Class listens to an example of two people ordering food. Analyse this conversation with your partner, learning adjectives for describing food, how to ask questions about the menu politely and how to order food naturally. Throughout the lesson, work on your pronunciation and intonation.

STEP 3

WHAT DOES SUCCESS LOOK LIKE?

Before practising the conversation, you discuss what a successful conversation looks like and decide what you want to focus on in your practice. You may decide to focus on your natural pronunciation and intonation, while your partner chooses to focus on their use of adjectives.

STEP 4

PRACTISING THE LANGUAGE

You practise with your partner and they give you feedback on your pronunciation; you give them feedback on the adjectives they use. You practise the conversation again.

STEP 5

GETTING FEEDBACK

Your teacher gives you feedback on how you've done. The lesson ends by returning to the lesson objective and discussing what you have learnt and how you can use it outside the classroom.

STEP 6

REAL-LIFE PRACTICE

After class you go to dinner club on the social programme or go out with friends and order food in a real-life setting. During dinner, you discuss your experience with one friend from class. The next day, discuss the conversation in class with what you used from the lesson the day before.

A Week in the Life of an EC London Student

Clarissa, Italian student – EC London

Sunday

I have just unpacked my things at my home for the next month and am now reading about my school and schedule on **EC Online**. I have been studying for one week on **EC Virtual** already and tomorrow is my first face-to-face class. A new city, a new language and a whole new experience. I can't wait!

Monday

Today, I got to the school and there was **literally an orange carpet** at the entrance! I felt like a celebrity! The staff and teachers were so friendly and they helped with any questions I had about my course. We had an **orientation talk** to welcome us to the city which was very helpful. The whole day was really fun as we're all new and already I feel as though I'm making friends.

Tuesday

I'm in love with EC London and the city! It's buzzing and every day there's something new! It's only my first day of classes and it's challenging to speak English all day long but I can see how **my English will improve** during my time here. It helps that my teacher is so knowledgeable and makes learning such fun! We played some games to practise **English in a different way**. It helped break the ice with people too.

Wednesday

This morning, I went to a workshop called **Pronunciation Clinic** to help make my English sound more natural. It is so good to hear pronunciation explained by a teacher. I ate lunch with my classmates, then we went to our afternoon classes. This evening I went on the **London's Hidden Pubs Tour** organised by EC and had such fun! **The staff are great and so entertaining!**

Thursday

My classes were in the morning today, which meant I had the **afternoon free to explore** a little with some new friends. The school is **close to many tourist sights** so we walked around Camden Market, went on the London Eye and took a walk along bustling South Bank. It is lovely to feel like a local, to be able to walk into a café and talk to people as I order my coffee... I'm starting to think that maybe someday I could live and work here.

Friday

I went to another **free workshop** this morning, called **Grammar Q&A** and then to my classes in the afternoon. Having both in one day is a **great way to go over what I learned** at the Q&A. I can already feel myself understanding more and more in class and outside of it too. EC encourages us even when we make mistakes and I love that. I also saw some **students looking very happy during graduation** from their course today. This will hopefully be me by the end of my course too!

Saturday

Today was **the school trip to Cambridge...** what a beautiful city! Punting down the river Cam felt like a fairy-tale and afterwards, we went for the traditional cream tea where I tasted scones for the first time! It amazes me how each day is something new and even better than the one before. **My new friends, the teachers and staff are all wonderful** and to think I still have 3 weeks of this left to enjoy. Bring it on!

As a teacher, I love teaching these classes; the lessons are always so dynamic, and the students are highly motivated. We are all working together to an end goal so the solidarity amongst the class is great.

EC Virtual Lesson Structure

Our EC Virtual courses have adapted our in-classroom curriculum and material for successful and engaging online learning. Research has proven that the structure of our virtual lessons is the most effective way to learn online. So, whatever your reason for choosing online learning, you can be confident that you are choosing a powerful and competent method for your language learning.

How Does It Work?

1. BEFORE CLASS (15 mins)

The teacher will set up a pre-class assignment with relevant questions for students to prepare for the class. This can be anything from reading or listening from the course book, a relevant video or article, or a Flashpoint from EC Online. Students are able to come to class prepared to fully participate and get their best from the lesson.

2. DURING CLASS (45mins)

Small groups of 8-10 students from around the world collaborate via video call with their teacher. They outline objectives and goals, discuss the questions and task(s) from the pre-class assignment, review any questions and set up the post-class collaborative activity as well as the pre-class assignment for the next day. Students should be prepared for a much more intensive class than a normal face-to-face session!

3. AFTER CLASS (30mins)

Students are asked to work on a writing or speaking post-class collaborative activity, which they upload on Teams. Each assignment has clear success criteria to help students self-evaluate, set their own goals and see their progress. They discuss virtually with their group and the teacher monitors the chat.

Included With Every Course

- Live classes at a time chosen by individual students. Multiple time zones available.
- Lessons delivered by qualified, experienced English or French-speaking teachers.
- Face-to-face virtual English classes.
- 30 mins a day of structured classmate collaboration.
- Unlimited self-study with access to materials on EC Online.
- Learner Oriented Assessment.
- FREE access to Microsoft Office including Word, PowerPoint, and much more!
- Ability to upgrade and add one-to-one lessons.

EC Virtual Student Testimonials

First of all, the atmosphere of the class was very good. We enjoyed exchanging our opinions in English. Even when we disagreed, we respect each other because we all understand that we are from different countries and have different backgrounds. EC Virtual was an environment where we could learn English with peace of mind, full of respect and friendliness.

Two months ago, I wasn't confident in speaking English because in Japanese school classes, the emphasis is on reading and listening, in contrast, we rarely practice speaking. However, through discussions in EC Virtual, I was able to tell my thoughts to the classmates. It's a big step forward for me.

It's great that we can share the experience of someone living in another country. In the discussions held in class, the experiences of each classmate were reflected in their opinions. Through discussions, we can relive experiences in a country that we have never been to. If you learn English, you can do it. I found English to be a great communication tool. This was a great experience for me.

Haruki, Japan

The lessons are challenging, but they are fine and useful. My teacher is funny and friendly. I love the way he teaches us. The pre and post lesson tasks lets me to prepare my brain before the lessons. I think my English has improved a lot with the progress.

Nisakorn Panajapoe, Thailand

Taking an online EC course was a wonderful experience. You do not feel you miss out anything, whether you are busy working or studying it is convenient and you can integrate the classes in your schedule. I can not stress more it was a great way to learn English with experienced teachers and wonderful community.

Wafa, Libya

Hard work is always required, but it's easy, effective and fun with EC Virtual

Massimo, Italy

EC online platform is similar the EC school. I was last year in EC London but I feel it's the same thing to learn English online. The teachers are amazing, and they help you very well. I recommend everyone.

Nesil, Austria

Every single class was so enriching!! The teaching level has to be recognised because everything was excellent.

Nataly, Colombia

I had the opportunity to speak directly with people from abroad, which helped me to improve my speaking skills. I felt that my grammar skills especially improved because of the teacher's good teaching style. The next thing I want to do is actually study abroad!

Kanata, Japan

I had a very good teacher and friendly classmates. Fiona was always here if you had a problem or for all the questions. Of course, I learnt a lot of new stuff... Maybe I'll do some more online lessons some days. Thank you for everything, you do a great job! Stay safe and maybe I'll see you again.

David Jutzet, Switzerland

EC Virtual helped me feeling more confident and fluent in my speech and was the perfect opportunity to improve my English from the comfort of my home.

Maria Antonietta, Italy

San Francisco

San Francisco has a long history as a place of refuge for people looking for a new start, from gold miners to hippies. Nowadays you'll find an eclectic mix of architecture and plenty of cool sights to inspire you. EC San Francisco is now on the cable car line for California Street in the heart of the city centre.

Explore San Francisco by tram

Why we love EC San Francisco

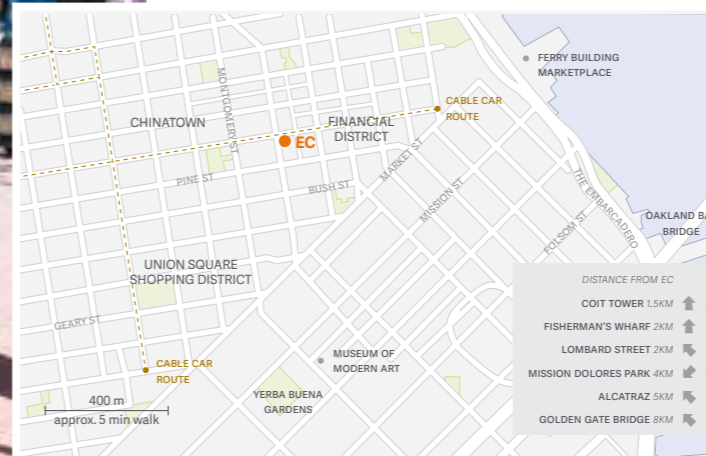

6 I call San Francisco a small city with a BIG mix. Around 40 iconic and distinct neighborhoods pack into this peninsula. Attend tech events in SoMa, hike the cliffs of Land's End, relax at the gardens/museums in Golden Gate Park, and don't forget iconic sites like the Golden Gate Bridge, Haight-Ashbury hippie neighborhood, and Alcatraz prison. It is an educated community that leads the country when it comes to diversity and change... These are just some of the reasons why so many people fall in love with San Francisco.

Cambridge

Cambridge is a student city steeped in tradition, with a long history dating back to the 13th century and the architecture to prove it. EC Cambridge is in an enviable location in the historical centre of the city, surrounded by the gorgeous River Cam.

Punting in the beautiful university town of Cambridge

Why we love EC Cambridge

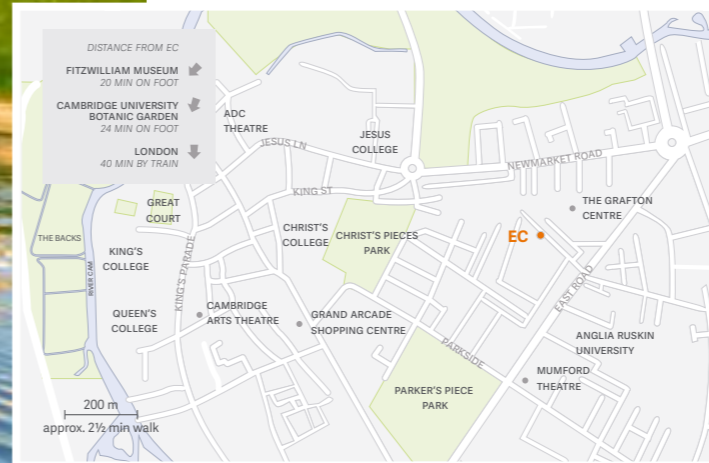

6 We love Cambridge because there is so much to see, do and learn! Our students love to go punting on the river Cam; it's the perfect way to see the Cambridge Colleges and take lots of photos! We are lucky because there is so much green space in the city and we also have the beautiful Botanical Garden to visit. EC Cambridge is in a modern building close to the city centre and shopping areas. And because we have quick rail links to London, many students like to travel to London on the weekend to go sightseeing or visit the theatre.

Manchester

Manchester's industrial roots and innovative spirit make the city one of England's most creative hubs for music, food and entertainment. The people are known for their friendly attitude and passion for football, and the most famous of them are lining the walls at EC Manchester, located in the heart of the city.

'Football' is a second language in Manchester

Why we love EC Manchester

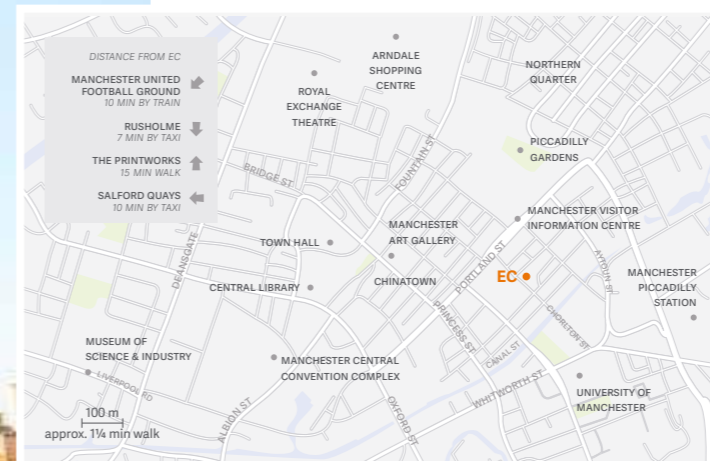

6 Manchester is famous for 3 things: football, music and friendly people! But there's lots more too. From the designer shopping experience in the malls to cool little independent cafes and restaurants in the Northern Quarter, there is something for everyone. You can go from the city to the countryside in 20 minutes and there are so many places to visit around here; the Lake District, the Peak District, Wales, York, Chester – beautiful places to relax in after a hard week's study! As the locals say, 'This is Manchester, we do things differently here.'

Why we love EC Cape Town

When in Cape Town, you'll have experiences you've never imagined before. Enjoy full-day wine tours through our famous wine-land regions or get your adrenaline pumping by shark-cage diving, paragliding, abseiling or sky-diving.

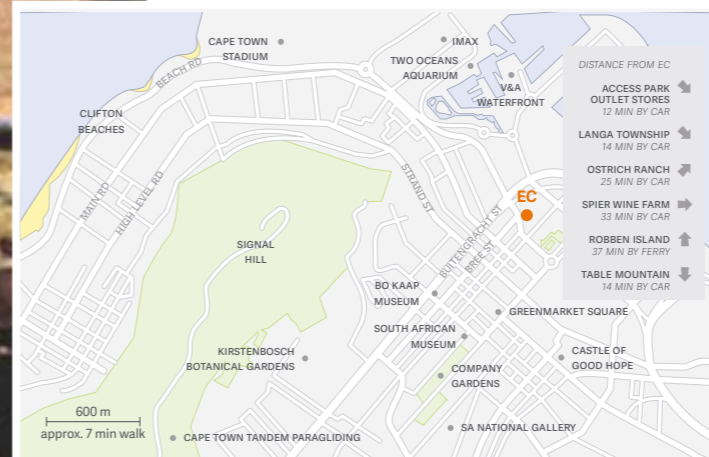

Free activities at EC Cape Town include trips to Bo-Kaap Market and hiking up Lion's Head peak for gorgeous views of the city. Our students' favourite weekend activity is a 3-day safari, where you'll encounter elephants and other wild animals in their natural habitats.

Student Insurance

We have created special insurance policies with trusted insurance providers to ensure you feel protected and secure when you travel and study with us.

These special policies have been designed to suit the specific needs of our students who travel abroad to study on our adult courses and provide very good levels of cover for all destinations.

Enrolment is extremely easy and can be done at the same time as booking your course through EC. You will receive your policy information prior to beginning your course, and all detailed information will be sent to you in case of requirement for visa applications.

For information regarding levels of coverage, please speak to your EC representative, or visit www.ecenglish.com

Depending on your choice of destination certain requirements for insurance coverage are required by law, even if you choose not to take EC's insurance option, in most cases you must organise private health insurance in order to get a visa and to study in your chosen destination.
