Brighton

Enjoy one of the coolest cities in the UK, fairly nicknamed 'London-by-the-sea'.

This seaside city with its vibrant and laid back culture is the perfect destination. Long summer days spent on the pebbled beaches and the thriving music and festival scene brings many tourists and students alike during the warm months. However, with two major universities in the area, Brighton is a total student city all year-round.

Located in a beautiful Victorian building, our school is right in the heart of the city. Surrounded by quirky independent coffee shops and restaurants and only a 3-minute walk to the beach and city-centre, Oxford International Brighton offers the best combination between academic excellence and authentic home-away-from-home experience.

London

Study English in the historic and picturesque Royal Borough of Greenwich in London.

Home of the University of Greenwich, Greenwich is a uniquely beautiful and historic area, located only minutes away from London's business and finance districts – Canary Wharf and City of London. With a view of the River Thames and its famous market with international street food, this area is full of character. Greenwich is also a very popular neighbourhood amongst young professionals. Also known for being the location of the world-famous music venue – O2 arena, with an IMAX cinema, outlet shopping mall and bowling alley.

Our school offers a modern space for students interested in taking their education to the next level. For many of our pupils, our language school is the final step before progressing to higher education in the UK.

21ST CENTURY SKILLS – ENGLISH FOR TODAY'S WORLD

In all of our courses, we aim to empower the learner and prepare them for today's world.

When students graduate from one of our six Oxford International schools, they are ready to use the English they have learned in their place of work or study. Classes are available in-person, online, or as a blended learning combination of the two. Our teachers are trained in methodology which builds upon the Common European Framework for Languages, and have also received training in the successful delivery of online classes.

Students establish or build on a firm foundation across all the skills, using critical thinking and a combination of modern technology and tried-and-tested pedagogical practices to improve their learning experience. It is extremely important to us that students not only learn new language structures, but also use them actively in their everyday life.

Training in critical thinking allows students to develop and share their opinions, with a focus on interaction and sharing information. Students are guided in their learning to develop their productive, receptive as well as mediation skills.

- Productive skills are an indication of how much or well a student can speak or write.
- Receptive skills indicate the student's ability to understand what they hear or read around them.
- Finally, in mediation, the student is able to transfer information (written or spoken) from one source to a recipient, to receive and respond to information, and in return act as a facilitator or intermediary. In making this last step, students are truly prepared to use their English in a meaningful way in their lives.

2

YOUR LEARNING BEGINS BEFORE YOU ARRIVE...

All students are enrolled onto our new Virtual Learning Campus, and receive a log in to begin their journey with Oxford International. From here they can take a placement test, and access information about their school. Their profile here will hold all of their academic progress during their time at the school including test results, tutorials, self-study materials and exam preparation.

YOUR FIRST DAY AT SCHOOL

Students receive a warm welcome to their accommodation, and then on their first day at school personally meet with the Director of Studies, support staff and teachers who they will see every day. They will receive an induction to the school and tour of the local area, along with information about extra activities they can do during their time with us.

3

PERSONALISED STUDY PLAN

Our teachers provide constant feedback and opportunities for students to identify their own strengths and weaknesses, building their confidence to not only take advantage of the wealth of knowledge our instructors bring to the classroom, but also to be independent learners outside of the classroom. Backed by our online learning platform, which adapts to each student according to the tests and study they do, they will receive the highest level of personalised education.

4

PRIVATE TUTORIAL

Teachers will do regular tutorials with students. During tutorials, level aims are discussed together, and whether the student has achieved competency in each skill. This collaborative approach empowers the student to direct their own learning and keeps them on track to reach their goals. Suggestions for practice materials and self-study options are offered.

7

FORMAL ASSESSMENTS

Our students benefit from ongoing assessment as well as formal assessment in speaking every two weeks. There are weekly opportunities to change classes according to level to keep students moving towards their goal.

Our teachers provide excellence in level assessment and many teachers are certified IELTS examiners or work on our own English Language Level Test.

8

CONTINUE TO STUDY OUTSIDE THE CLASSROOM

Through our extensive social programme, where students can mix with others in an informal environment and practice their language, or the study club where further teacher input can assist with studies, there are plenty of opportunities on offer to continue learning!

9

COURSE CUSTOMISATION

Using our exciting elective syllabus and tutorials throughout their studies, students can truly have a personalised experience. This can include learning new study skills, academic English and language for the world of business. There is a strong focus on language acquisition and real-world application.

5

COLLABORATIVE COURSE REVIEW

Our students have the opportunity to meet with their teacher individually at least bi-weekly and review their progress and performance. As part of our premium service, all students also have the opportunity to speak with the Director of Studies when they need to.

6

GRADUATION

All students receive certificates of completion and can also choose to take a formalised English language test.

OIEG ALUMNI

Just because a student has left our school, it does not mean their journey is over! We give students access to our Virtual Learning Campus for extra time after they finish, and they automatically become part of the Oxford International Alumni, with access to newsletters and future events. We always like to stay in touch with our students and hear about their future success stories.

Electives

During the elective lessons, each school will offer a selection of different themed lessons to cover a variety of levels and students will be able to choose from these to match their interests and learning goals. Our electives are designed to focus on key skills, further your language knowledge in specific subject areas, or give you more opportunity to practice speaking with confidence. Here is a small selection to give you an idea of the variety on offer.

KEY:

 Level

 CEFR

Confident Speaking

 1-10

 A1-C2

This class develops students' fluency and listening skills through communicative practice and reinforcement. Students will discuss a range of trending and relevant topics. Presentations, project work and cooperative tasks are designed to develop confidence in spoken English.

For some courses, there will be the option to add related field trips.

Academic Reading and Writing

 4-10

 A2/B1-C2

This course will develop the ability to produce pertinent and accurate writing, exploring style and register. The integrated approach of the class fosters academic literacy and content development to build a solid foundation of academic language skills. Students will write formal essays, read and analyse fiction and non-fiction and improve their reading speed and comprehension.

English for Customer Service

 4-10

 A2-C2

The class focuses on English applied to customer service, featuring vocabulary and common scenarios. Students will develop the skills they will need to thrive in this field in an international context.

Exam Skills

4-10

B1-C2

In this course, test-taking techniques are practiced and students are exposed to a variety of practice materials for the FCE, CAE and IELTS exams, tailored to the needs of the students.

21st Century Business

1-10

A1-C2

Our Business English curriculum combines the best in academic business knowledge with practice for everyday business situations, exploring areas such as entrepreneurship, marketing, HR and more.

4-10

B1-C2

For this level, there will be the option to add related field trips such as visiting a local business or an industrial facility.

Academic Speaking and Writing

4-10

A2/B1-C2

From sentence structure to writing comprehensive reports and oral presentations to formal debates, in this class students will work on their academic productive skills. Students explore a different topic each week and prepare presentations and take part in discussions, with each week culminating in at least one piece of written work.

English for Academic Purposes

4-10

B1-C2

For students intending to study in English, this course will help them to establish successful habits and teach the skills needed to succeed in higher education including note taking, essay writing, discussions and presentations.

Debate, Presentation and Public Speaking

4-10

B1-C2

Through structured coaching and feedback, students build on their ability to make their point with conviction and clarity. They will learn persuasive language and the language of agreeing and disagreeing politely in the context of various topics, culminating in a debate, presentation or a speech at the end of each cycle.

Global Leadership

4-10

B1-C2

Our global leadership course offers training in self-evaluation, critical thinking, negotiation, active listening and research, all within the framework of an ESL programme of the highest academic standards.

Electives (contd.)

English for Journalism

4-10

B1-C2

In this class, students have the opportunity to design and run a blog, magazine or website. Working as a team, this class produces weekly editions, collaborating to decide on content and format as well as identifying and exploring areas of interest. The class develops all the skill areas and there is no limit to the scope of students' research and creativity.

English through Literature

4-10

B1-C2

This class gives students the opportunity to study English through theatre & literature and includes a focus on pronunciation and performing the English language. Students study particular plays or books, their meaning and characters, culminating in writing their own piece of work to perform or share them with the rest of the class. For some courses, there will be the opportunity to add a trip to a local theatre production.

Pronunciation and Fluency

1-10

A2-C2

Participants in this class receive intensive coaching on how to pronounce the sounds of English, followed by structured practice and free practice in conversation with partners.

Projects and Communication

1-4

A1-B1

Each week the class undertakes a project, in teams, to learn/practice to language of cooperation, making decisions, reaching compromise, giving instructions and presentations.

English in a Local Context

3-10

Scale of Language Proficiency and Progress

Our Scale of Language Proficiency is an accurate reference to many other popular language proficiency tests around the world.

This framework helps students understand their individual skill levels so they can effectively communicate with their teachers regarding their

learning objectives; it also guides our staff so they can help students to achieve their desired goals.

Following the Progress Chart, students can estimate the amount of time they will need to reach their goal or the progress they can expect to make during their time at Oxford International.

Pathways to Higher Education

Our programs prepare students for post-secondary study and are customised to the needs of each individual learner and their education goals.

Choose from over 45 partner colleges and universities. We offer a direct study pathway to the following institutions, many of which recognise our levels, eliminating the need for an entry exam such as IELTS, TOIEC or TOEFL*.

Most partners are able to offer conditional letters of acceptance. We have a dedicated Pathway Director to help you choose the right college or university as well as support you through the enrolment process. In Canada, full-time students on a college or university program that is 6 months or longer and leads to a degree, diploma or certificate, are eligible to work off campus, part-time up to 20 hours per week while studying.

The Process

1

Our Pathway Team is here to guide and support you

3

Complete and submit an application form specifying the length of the Pathway Program (English Language Studies)

5

Receive a Conditional Letter of Acceptance (CLOA) from our Pathway Partner

7

Complete Pathway program and achieve English language level to enter partner institution without IELTS

9

Transfer to a top university by studying first at a 2 year college in the US or Canada

2

Identify the best program based on your future goals and academic background and take our North America Pathways English Test: www.oxfordinternationalenglish.com/useful-information/english-test/

4

Complete and submit a Pathway Partner application with our help (including the payment)

6

Apply for the Student Visas & Permits in Canada or US

8

Eligible to work on campus in the US and Canada and off campus in Canada only for 20 hours a week

10

Possibilities for Post Graduate Work Permit in Canada by studying at an eligible institution

*In the UK we work with trusted and experienced agencies offering accommodation in line with the British Council and English UK guidelines. In North America our homestay programmes are run in-house.

Social Programme

Our bespoke social programmes are designed to provide students the opportunity to socialise and immerse themselves in the local culture — sharing truly unforgettable experiences whilst being able to put their new English skills to the test in fun and natural environments.

All of our schools are located in some of the most vibrant cities in the UK and North America, each possessing their own set of unique attractions and activities — whether it's visiting one of the many historic landmarks, museums or colleges, going to the pub, or even taking a relaxing boat cruise, there is activities to suit all tastes.

In addition, weekend excursions to some of the best tourist attractions are regular fixtures in our programmes. Popular excursions in the UK include Stonehenge, Seven Sisters Cliffs, and Blenheim Palace, while in North America visits can include Whistler, Niagara Falls, and Los Angeles.

Our programme offers a variety of activities to suit all interests, including:

Year Round Groups

We are fortunate to be working alongside some of the most innovative, enthusiastic and hard-working individuals, all of whom are constantly coming up with exciting ideas for your students.

We welcome groups all year round on any date, any time. And it's this flexibility which we also put into planning your students' trips from arranging excursions, planning lessons and ensuring your accommodation is of a high standard. We put the student first, and by doing this we make sure what we offer is the best.

So, where can I go?

From the sun in San Diego to the beautiful architecture and history of Oxford, we have a choice of 6 beautiful destinations for you to choose from in both the UK, Canada and the USA.

Why should I send a group of students to Oxford International?

- Together with you we will arrange an exciting programme of visits, workshops and other activities to enhance the learning experience
- Whenever possible we will mix your students with other students from around the world – an amazing international learning platform
- Groups can study not only in the class, but also have lessons on location, whether it is a museum, business enterprise or science laboratory – the world is your classroom
- Flexible pricing – we can make a programme to suit your budget

Do you have a minimum group size?

A group must be at least 5 people, and if they are a junior group, they must travel with a Group Leader. If your group has a mix of junior students and adults this is also fine for us but we encourage the lessons to all be at the same time so the group can stay together during excursions and activities.

Academic Options

A group can choose between General English, Career-focused Business English or Exam preparation courses. Alternatively, we also offer very exciting English Plus programmes or English for Specific purposes. Our syllabus is constantly updated to reflect the modern world and created in-house to get the best out of your students.

Take IELTS and the OET with Oxford International

Wherever you are in the USA, Canada or the UK and need to take IELTS for academic, immigration or professional requirements, we can help you.

We offer full-time, part-time and evening courses for IELTS exam preparation at our six schools: Brighton, London, Oxford, San Diego, Toronto and Vancouver. Alternatively, online preparation courses are available when you register for an exam at one of over 25 IELTS test locations across North America. In the UK we will register you with a local test centre following your preparation course.

As an OET Authorised Test Venue, Oxford International North America also administers the Occupational English Test (OET) in various locations across Canada and the US. Within North America, the Occupational English Test is used by various fields of the medical profession to obtain professional licensure, ECFMG certification or professional development.

Our official IELTS test centres are certified with the British Council in Canada and IELTS USA in America. In addition to the Paper-Based exams, we offer the Computer-Delivered exam at select locations.

English Language Level Test (ELLT)

The English Language Level Test is a fully online language examination, and is recognised by a growing list of universities. The exam takes place over 3 sessions – online placement test, online written examination, and speaking assessment with one of our language examiners from our English schools. Results are available within 48 hours of completion.

ELLT PREPARATION COURSE

For students registering to take the ELLT, we offer a preparation course that takes place over 3 sessions, each focusing on a different element of the exam. You can either take this intensively over 3 days, followed by the exam, or one session a week for three weeks. The course is delivered online in live lessons by one of our English language examiners.

ELLT is delivered by Oxford International English Test Centre. For more information, please visit oietc.com

Oxford Test of English

The Oxford Test of English is the only English Language proficiency test certified by the University of Oxford, which means it is quality assured by one of the leading educational institutes in the world.

The Oxford International school in Oxford is the first approved Oxford Test of English Test Centre in Oxford! You can take the exam in all three of our UK schools.

THE TEST IS:

- Available all year round, 365 days of the year
- The test is more flexible, cost-effective and faster than traditional performance tests and includes all four skills: Speaking, Listening, Reading & Writing
- Test results for the listening and reading are provided on the same day the tests are taken and the speaking and writing results are issued within 14 days
- Test takers can take all 4 modules or combination or single modules to suit the individual
- There are 2 types of tests. Learners for 16+, and Oxford English test for Schools which is designed for 12-16 year olds and is tailored to the interests & experiences of the younger learner
- Both the Oxford test of English for 16+ and Oxford Test of English for school (12-16 year olds) are endorsed and certified by the University of Oxford
- The test is recognised by a large number of universities, educational institutions and organisations around the world
